REDIIN480 Series ◊ DIN Rail Power Supply

480W ◊ Input: 100-240VAC

RECOM AC/DC Converter

FEATURES

- Universal input voltage range 90-264VAC
- Built-In constant current circuit
- Power Factor >0.96 115VAC & >0.93 230VAC
- Two adjustable output variations 24-28V & 48-55V
- High power density with efficiency up to 93.5%
- Temperature range -30°C to +70°C
- Cold start capability -40°C
- Reduced no load power consumption <0.75W
- Width only 56mm
- Low weight only 870g
- 3 years warranty

Dimensions (HxWxD): 123.6 x 56.0 x 116.8mm (4.86 x 2.2 x 4.6 inch)

DESCRIPTION

The REDIIN480 DIN rail power supply series is designed for cost sensitive users to fulfill essential features, needed for many general industrial applications, without compromising on quality and reliability in the Basic Features Market segment. The REDIIN480 series delivers 480W output power in an extremely compact dimension of only 123.6 x 56.0 x 116.8mm. Two adjustable output variations from 24V to 48V are available. The convection-cooled units will operate full power from -30°C to +50°C (230VAC). It can operate in constant current mode, making it suitable for inductive and capacitive loads. The product is certified according to safety standards IEC/EN/UL 62368-1, IEC/EN/UL61010-1 and IEC/EN/UL/CSA61010-2-201. Electromagnetic radiated and conducted emissions are compliant to heavy industrial EN 61000-6-4 Class B Emission standard and EN 61000-6-2 Immunity standard. The product complies with environmental protection requirements as per RoHS Directive.

SELECTION GUIDE

PROTECTIONS (measured @ T_{AMB}= 25°C, nom. V_{IN}, full load and after warm-up unless otherwise stated)

Over Current Protection

The unit operates in a constant voltage mode within its rated load range. When exceeding the maximum current rating by 105% to 150% of its nominal rating the unit enters into a limited-current mode which drives the output voltage to approximately 80% of its nominal set point. Further increased load leading the units into a hiccup mode with automated restart.
